## Need help?

Check out our [UGX-Mods Knowledge Base](#). **LINK TO SUPPORT!!!**

**Please! - If you have an issue, use the following [How to report a Bug or Feedback!!](#)**

To get full support report it through the Community Reporter directly in the UGX Launcher.

## Development

### Recommended

The [UGX Launcher Development Dashboard](#) has a great overview to know exactly what's going on.

Interested when the new version comes out?

Then the [UGX Launcher JIRA Project](#) might interest you!

Any issues / bugs / feedback from an User will be listed here. Crash Reports are there as well. 😊
